Proposal to Setup FOSS Center of Excellence and Swecha Learning Center – Reg

FOSS(Free and Open Source) Center of excellence will bridge the world free and open source with the student and academic ecosystem of the college. This will be run by Swecha Andhra Pradesh, a Non-Profit Organization working with the motto "Technology for Society through Free and Open Source Software". Swecha Learning Center Team(SLC) will be formulated to facilitate the center. It comprises of Students, Academicians, Researchers and Swecha Team. This will be a Center for development, community engagement and learning.

Activities:

- Free and Open Source Contributions
- Open Source AI
- Open Knowledge Contributions (Ex: Wikimedia, OpenStreetMaps, Open Data etc)
- Open Hardware Projects
- Projects oriented to create societal impact
- Extension and Outreach activities to bridge the digital gap
- Workshops, Bootcamps, Sprints, FDP, Community Project, Hackathon, Fests, Internships

Requirements and Infrastructure:

- A Center with computers, tables and basic infrastructure.
- Faculty Incharge to monitor the SLC
- SLC Coordination Team with Students and Representative from Swecha

The detailed activity can be seen in the brochures shared
